

### Post-doctoral Programs Substantially Equivalent to Recognized Formal Post-doctoral Programs

The Board has determined, based upon applications previously submitted, that the following post-doctoral programs meet the substantial equivalency requirement set out in Board rule 461.10(c)(1)(B).

Behavioral Health Consultants

11211 Taylor Draper Ln., Ste. 202

Austin, Texas 78759

Dallas Therapy Alliance

12801 N. Central Expwy., Ste. 1730

Dallas, Texas 75243

Houston OCD Program

708 E. 19<sup>th</sup> St.

Houston, Texas 77008

Institute for Clinical Neurosciences – Irving

4425 W. Airport Fwy., Ste. 590

Irving, Texas 75062

Thus, an individual relying upon supervised experience obtained within one of these programs after September 1, 2016 does not have to submit documentation evidencing the program's substantial equivalency.

Please note that the Board does not pre-evaluate or pre-approve post-doctoral programs for substantial equivalency under Board rule 461.10(c). It is incumbent upon post-doctoral fellows and residents to ensure that a program, other than one listed in Board rule 461.10(c)(1)(A), is substantially equivalent to a program listed in subsection (c)(1)(A) before delivering services within that program without a license or trainee status.
